

[DNA SIG Forum](#) :

All and any DNA questions are welcome in the Forum, which is open to everyone to read, but you do need to be a FHWA member to comment and contribute.

We meet the 4th Saturday in March and June and the 1st Saturday in September and December each year at WAGS Unit 4/48 May Street, Bayswater.

A \$2 donation at the meeting helps to build up funds to purchase additional resources for the library. We hope to see you at one of our meetings soon.

Convenor: Christine Cavanagh

NEXT MEETING - You MUST book your place to attend. No booking, **no entry** !

7th September 2019

AT OUR LAST MEETING ; We had 3 speakers who presented their own case studies of how they have used DNA to tackle **brickwalls** in their family research. * **Mike**

Murray - "DNA- hidden secrets part 2", gave an update to his previous presentation from last year of his research into his Isle of Lewis cousins.

* **Evadne Spickett** - Evadne spoke about how she has gone about "Finding Elspet"

* **Geoff Barber** - told us how he uses his DNA results to complement traditional research Each presentation gave us useful information and techniques for helping with our own research and those brickwalls.
