**Meetings**

Meetings are held quarterly in the Resource Centre at May St, Bayswater from 2:00 to 5:00 pm on Sundays - usually the fourth Sunday of February, May, August, and November. Every meeting has a focus topic and sometimes a member or speaker will provide background information. There is always a problem solving session, so please feel free to bring along your queries and we'll try to provide some light at the end of the tunnel!

Meeting dates for 2019:

Sunday 24 February research in Units 5 and 6, 2pm

Sunday 26 May Unit 4, 2pm
