

[DNA SIG Forum](#) :

All and any DNA questions are welcome in the Forum, which is open to everyone to read, but you do need to be a FHWA member to comment and contribute.

We meet the 4th Saturday in March and June and the 1st Saturday in September and December each year at WAGS Unit 4/48 May Street, Bayswater.

A \$2 donation at the meeting helps to build up funds to purchase additional resources for the library. We hope to see you at one of our meetings soon.

DNA Pop-up Shop

Our team of DNA specialists will be available for one-on-one consultations (25 minute maximum time slot) to help with any technical problems you have in accessing, understanding or using your DNA results. Bring a laptop and have all your logins and passwords with you so that you can take everything you find away with you.

Please arrive 10 minutes before your chosen time slot to ensure that we are able to run smoothly. **Stay tuned for future dates in 2020**

DNA Painter Hands-on Workshop Bring your own laptop (not tablet) and learn to interpret your DNA results using Chromosome Painting. This is not a beginners workshop. Experience in using DNA Painter is required. Requirements: you must have uploaded your DNA data to GEDmatch, MyHeritage or FamilyTree DNA; you must have painted some of your matches in DNA so that we can work on interpreting the findings. The number of attendees is strictly limited. Please read the requirements before booking. This is not a beginner's workshop

Stay tuned for future dates in 2020
