

Notice of Alteration of the WAGS By-Law

The 2016 by-law amendments were reissued on 21 April 2016. The Notice of Alteration of the WAGS by-laws and the 2016 WAGS by-laws can be found in the members only, WAGS business, by-laws area of the WAGS web site.

The Management Committee on 21 March amended the by-laws to remove some inconsistencies with the Constitution and made a new by-law for Associate Members. When the Management Committee reviewed the Operations Manual on 18 April, to bring it up to date with current accepted practice, it was necessary to make some further amendments to the by-laws to allow some of the changes to the Operations Manual.

Any Member can give notice six weeks prior to the next AGM that they intend moving a motion to disallow the new by-law or the amendments to these by-laws. For more information please read the notice posted in the members only area.
