### May 2011

Edwina led a tutorial on the use of Sources, Citations and Repositories and how to enter the data into TMG; including the various ways of structuring sentences in TMG's reports. The amount of information and the way you store it depends on individual researcher's needs. There was much debate and members generally fell into two groups: "Lumpers" and "Splitters". Find out about these and more in the minutes.
